

Best in Sensorial Experiences

Be One with Nature

Let your child appreciate the beauty of nature and embrace diversity of cultures at
Chatsworth Preschool @ Clementi Woods

Nestled in the idyllic setting of the Clementi woods; Chatsworth Preschool provides an experience to children that very few preschools can match in Singapore. The school boasts of a sprawling 25,000 square feet of space that is surrounded by lush greenery. Here, children literally study in the lap of nature absorbing the various colors, sounds and smells around them for a truly sensorial learning experience.

Children head out for a walk in the woods, listen to stories under the open skies and even harvest their own lunch at the school's innovative hydroponic center. Through these and more outdoor experiences and plentiful inquiry-based project work, children at Chatsworth Preschool are able to put classroom knowledge into meaningful context and forge connections with the outside world. At the same time, the preschool is equipped with outstanding modern amenities and specially designed learning spaces that exude comfort and aid the child's learning process.

The other distinctive features of the preschool are diversity in its cohort of students, a small class size and a holistic curriculum with a strong dual language foundation. Diversity of students lends a culturally and socially vibrant community within the school as children learn from one another and develop a deep sense of cohesion. The curriculum followed by Chatsworth Preschool is based on Nurturing Early Learners (NEL), a Curriculum Framework for Kindergartens in Singapore developed by the MOE. The six key learning areas of the NEL that the

school strives to build upon are: Social and Emotional Development, Discovery of the World, Language and Literacy, Numeracy, Aesthetics and Creative Expression and Motor Skills Development.

Chatsworth Preschool integrates elements of international best practices with the NEL leading to a well-rounded teaching pedagogy that is delivered by framework its Project Approach Inquiry Programmes. Besides offering a strong bilingual foundation to the children, the preschool also offers an option to choose Japanese as a third language. Another popular feature is its Chitty Chatty Corner where children present their views and ideas on stage to enhance their oratory and public speaking skills.

This holistic and progressive approach to learning at Chatsworth Preschool ensures that the children take charge of their own learning journey, paving the way for independent and confident learners. This also effectively prepares the children for the big transition to primary school.

Chatsworth Preschool @ Clementi Woods is a perfect haven where children feel safe to explore and build on various learning experiences and relationships in their foundational years to prepare them for the future. The preschool offers full day and half day programmes to infants from 2 months and preschoolers from 18 months with an added option for flexi care.
